

Helpful Hints for Completing your Scholarship Application

1. Begin your application

Once you begin your application, you will provide your first name, last name, and email address along with other contact information. After you've provided your contact information and proceed to the next step, your account will be created.

2. Welcome to Kaleidoscope

You will then receive an email welcoming you to Kaleidoscope. Kaleidoscope is the scholarship platform that is hosting the St. Vrain Valley Schools Education Foundation general application. By using Kaleidoscope, you will be able to login to your account to work on your application at your convenience.

3. Saving your application

In order to save your work on the application, simply complete a step and click "Next Step" to save the information on the previous step. If you exit an application in the middle of an incomplete step, the data on that step will not save.

4. Submitting your application

Once you have completed all steps, you will submit your general application. This will allow you to view all the other scholarships you qualify for. These are short submissions, typically only requiring your name, email and essay to submit because you provided everything the review board needs on your general application!
